How Many Lives Can Be Impacted in a Week?

We are excited to share with you a couple of the highlights from the Mission team we hosted from Charis Bible College Colorado (9 students and 2 leaders). During an action-packed week of activities, we saw the Love of God impact people mightily everywhere we went from an evangelistic outreach in rural México to handing out sack lunches at a local hospital. To the left you can see our schedule for the week. It is a concentrated time of practical ministry, not only for the students who come from CBC Colorado, but for our very own CBC México students as well.

This year we had the privilege of serving with a small body of believers in a rural mountainous area approximately 1.5 hours from where we are located in Querétaro. Working together with them we put together an outreach that we call, *Love and the Family*. The whole idea is to present the Gospel by creating a fun family atmosphere where the Love of God is demonstrated! It begins with lots of great upbeat music and plenty of games and candy. Then the team presents puppet skits and dramas that portray what Jesus has done for us. Then those gathered are giving an opportunity to respond to what they seen, heard and experienced. The response to the event was overwhelming (pictured below). After a woman we had prayed for the day before told everyone about how she was healed and filled with peace, people came flooding forward to receive Jesus!

Taking lunches made with lots of love to the hospital yielded a similar result. As we tell and show people of how much God loves them miracles happen. And the results are eternal! In answer to our question about how many lives can be impacted in a week... this year over 200 people were born again, 40 baptized in the Holy Spirit and many, many were healed! (please see pictures p. 2 to see more of the week's activities)

We thank God for you, our friends and partners, who continue to help us provide a place where people can receive from God and learn to give to others what they have been given!
